

Electric Committee Meeting Minutes
Wednesday, September 10, 2025
5:30 PM – 5:57 PM

Present: Gayle Glumac, Larry Brooks, Mike Swick, Melissa Brooks, Maggie McDonald and Matt Tarr

Meeting was called to order at 5:30 PM.

- Frontier Communication will be installing fiber optic lines throughout Newton. The city does not currently have a Joint Pole Use Agreement with Frontier. The committee discussed charges and stipulations that will be put within the agreement.
- The Electric Department will be getting rid of one of the old bucket trucks. It was recommended by the committee to begin the bidding process.
- The committee discussed the trees in the alley behind 405 and 407 Walnut St. The city needs permission from another homeowner to be on their property to access the trees that need to come down. Mike Swick will be addressing this with the homeowner.
- The City had applied for the second round of a Grid Resilience Grant. Unfortunately, we did receive notice that we were not awarded the second round of the grant.

Meeting adjourned at 5:57 PM.
